

Communication and Interaction Ideas

Our Summer term topic is Hola Mexico. Listen to Mexican music and folk stories on YouTube, use Pinterest to find Mexican craft ideas. Allow your child to use their preferred communication to make choices, express their likes and dislikes and to tell you how they make them feel.

Independence Ideas

Play handwashing games. Place different types of soap or shower gels on their hands or into water. Encourage your child to rub their hands together.

If you have the ingredients, make Mexican meals together, explore the ingredients.

Optional Home Learning! Holly Class

Please feel free to use these ideas to keep learning going at home! There is no pressure to complete these...you may have other ideas and routines that you wish to maintain.

It would also be amazing to see or hear about what you've been getting up to so please feel free to share photos/work on our Twitter page: @KelfordSchool or you could put together a photo book to show us when we all come back! Please let us know if you need anything to help and we will try our very best.

Thank you all for all your hard work and support during these uncertain times.
We miss you all!

Cognition and Learning Ideas

Use the Hola Mexico and A-Z activities sheets provided in your home learning packs to find learning activities that you can share with your children.

Social, Emotional and Mental Health Ideas

Talk to your child about what they have done each day. Can they tell you what they have enjoyed most by using their preferred communication method. FaceTime family members, so your child has a chance to interact at a distance with those they love.

Sensory/Physical Ideas

Listen and move to traditional Mexican music. Use the daily Joe Wicks PE sessions on YouTube to get moving. You can also use the Tac Pac suggestions from your home learning pack to provided the sensory interaction that your child needs.
