

Maths

Have a go at some these maths related Asdan challenges

KH2 Show you can use kitchen measures -: Use kitchen scales , spoons and jugs .Talk about what you will use to measure different ingredients . Help your child to read the scales if they can , to count spoonfuls , to recognise more and less . Use a different measure each day .

Sports and Leisure

KN13 Take part in 2 new activities , one active game and one inactive game : choose activities with your child that you will enjoy eg a , new board game , or computer game , scooter riding , garden bowls . Keep practising the activity to get better at it .

All of these activities are part of the Asdan Transition Challenge , a recognized record of achievement in KS4 . It is important that you take photos if possible and make notes of work your child has completed so that we can add this to their record . Many students will benefit from repeating the activities to ensure they understand and remember what they have learned .

**Beech Class - Home Learning 11th
- 29th Jan**

Science

MC3 Take part in an activity where materials change texture through mixing , drying or cooking : use clay or salt dough to make a model –it could be linked to the book you are reading together . Discuss the material as you work , is it soft or hard , rough or smooth , can you make marks in it , what is the material made from ? Bake the model in the oven , can you predict what will happen ? How will it change ? You can try this with different materials eg foods , what happens to a potato or an egg if you cook it ?

MF3 Care for a plant or animal for 6-8weeks If you have an animal at home (or want to get one !) find out what it needs and how to care for it . Plant some seeds , or bulbs and again find out how to care for it . Make a chart to remind you how often to feed , walk , water etc and keep a record of your care . Take some photos to show what you do and what happens .
<https://www.bbc.co.uk/bitesize/topics/zpxnyrd/articles/zxxsyrd>

TL3 Carry out an action which causes a change to take place
Use a remote control to operate a tv or radio or show you can navigate your way around your pc or tablet independently . Try to challenge your child to find a particular channel or activity

Literacy

.KH1 Show you can listen to a story : Choose a book to share everyday use to test comprehension by asking simple questions, challenging your child to find images in the book, predict what will happen next or retell the story in their own words. If you don't have lots of books at home there are lots available on twinkl or you could watch people reading your favourite stories on you tube.

FG1 : Sharing your achievements : take some photos of the activities you have been doing in school and home . Use them to make a powerpoint or poster to share with your family and friends , write some captions if you can . Send it into school so we can see what you have done .

MF1 Show you can give a message to someone : Use writing , typing , speech or signing to send a message to someone at home or at school . You could record a video message and send it to Beech class telling them some news .

All of the above practise the basic literacy skills of speaking and listening , reading and writing . Encourage your child to keep practising these skills at home at an appropriate level . Please ask for more guidance on this if you need it . You can find fun activities online to help you here :
