

READING for PLEASURE

Why not spend some time reading / sharing a book with someone at home? Pick up your World Book Day Book and 'Get Caught Reading!' Feel free to send in photographs of shared reading time if you wish.

Go outside and make snowballs, line them up and count them. Can you count more Than 1, 5, or even 10?

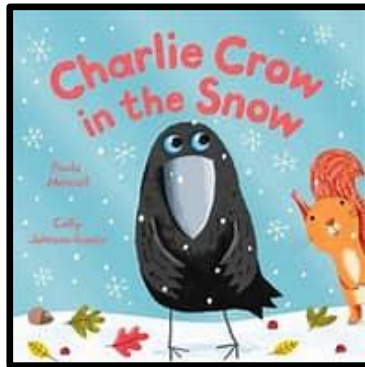

There is lots of snow all around! Can you create a snowy sculpture or picture?

You could:

Use real snow

Use paper and mark making tools

Use a collection of objects from around your home

Snuggle up and share a story. Click on the link below to watch:

[Charlie Crow in the Snow. Children's illustrated read-aloud \(audiobook\) story. - YouTube](#)

Messy play!

Collect some snow in a tray or other wide, deep container. Use food colouring, non-toxic paint or anything you can find at home to create patterns, shapes and pictures. Take a photo to share with your friends when we return to school!

Why not have a go on some of these maths games...

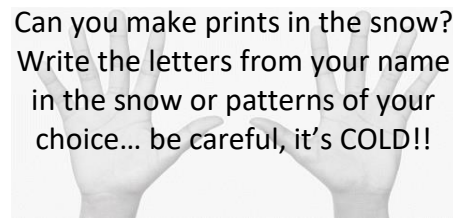

Happy Gaming

Since we haven't got our wonderful dinner time staff to cook our lunch for us why don't you have a go and help someone at home to make lunch? Have a go at making a sandwich, cooking some fish fingers or heating some soup. Make sure someone is watching closely to keep you safe.

Can you make prints in the snow? Write the letters from your name in the snow or patterns of your choice... be careful, it's COLD!!

Most importantly, take time to explore in your own unique way alongside your family and friends at home. Stay safe, we look forward to seeing you very soon.
