

DofE; We will be working on our map reading, camping skills and meals that we could prepare ready for an expedition.

Maths; During the first half term we are concentrating on measure, shape and positional language while working towards Entry level 1 criteria. After, we will be looking at data. How to collect and use data to gather information.

English; The start of the summer term we will be looking at Anime while working on our comprehension & reviewing skills. This will allow us to work on the criteria set out for Entry Level 1.

Horticultural; We will be planting seeds up at Kelford and making structures for plants to climb on; such as, peas and beans. We will also be, making a wild flower area for students & wildlife to observe.

Work related learning-

Catering; We will be working on making simple meals that will increase the use of kitchen equipment and utensils. While promoting our independence.

Hair & beauty; We will be working on massage & plaiting skills.

Horticultural; We will be planting new seeds ready for the warmer months. Let's see who can grow the tallest sunflower!

Snack making; We are continuing to make snack for everyone at The View. We will be offering different options including toast, teacakes and waffles. People will be able to choose their own spreading, allowing us to work on our spreading skills. We will be taking orders to collect the information that we need.

Sports at Abbey; We will be taking part in various outdoor activities such as, football, rounders and cricket. Learning new skills while working on our physical fitness.

RSE- This half term we will be looking at keeping ourselves safe, this while out in the community and online. Then moving onto drugs & basic first aid.

Students who are not taking part in Sports at Abbey will be going out in the community, using different modes of transport and experiencing Rotherham. Increasing their confidence and independence.
