Message from the Family Partnership Team

A Happy 2019 to you all from the Family Partnership Team. We hope it will be a happy and healthy one for you and your family.

This is just a quick update to let you know how things are developing and to introduce our newest team member Ashlea Johnson.

Ashlea has joined us as Project Support with her focus being to ensure medical and care plans are up to date and fit for purpose. Over the next few months she will be reviewing plans within school around epilepsy and asthma as well as keeping a track of all medicines that are being sent into school. She will be in contact with you at some point over the next few months if your child has a current medical care plan in school.

The team has now grown to four, each with their own individual roles but all focusing on supporting your child and their family throughout your time here at school. Mathew Seamarks is overseeing the Genuine Partnership Charter award and thanks to the good work you and he have done we are closing in on the award. Katherine and Tim continue to support families directly in a number of ways which is often determined by the family and this has been enhanced by the introduction of Link Workers. All families should now have a link worker which is someone to contact at school besides the teacher. If you have not or you need further information about the role please contact Tim Southwell.

Over the last year we have supported a number of families in the home, at meetings, completing benefit forms and provided information on a number of subjects. We have promoted the 'Parent's voice' formed links with employers and parents groups for the benefit of the children and families at Kelford. We would like to say a massive thank you to all those involved in this and the fantastic fund raising that's has and is currently taking place.

Hopefully the next year will continue to be successful for you the families and ourselves in supporting you.

Don't forget we are here for you and will help in whichever way we can. Please give us a ring should you feel the need on 01709 512088.

Thank You
