Dear Parents and Carers,

Last year we started some work, led by Sarah Mulhall, to launch a new Parents Forum at Kelford. We met during the Summer Term to discuss a range of issues and suggest some key areas to support and develop in 2017-18. Following these meetings the Kelford Parents Forum agreed to focus on the development of the school website. In particular we are looking to improve the communication between school and home by making changes to our existing website.

Some of the suggested changes to the website were...

- To create a specific Parents / Carers area on the homepage.
- To provide key information for new parents.
- To celebrate school achievements with pictures and videos.
- To contain pictures and information regarding school staff and other professionals such as Physiotherapists, SALT team and Occupational Therapists.
- To contain detailed calendars of key school events to help parents and carers stay in touch with forthcoming events.

We'd like to invite all parents and carers to attend an information sharing meeting at Kelford on MONDAY 9th OCTOBER at 2:30pm. We can bring people up to date about the review of the website and invite people to become involved with the work of the Parents Forum in the future.
